

Month of May 2021

As we enter our busy season, and our time is stretched thin, we will be restricting our curbside service to high-risk customers ONLY. Please do not use this service as a convenience. This is for people who want ZERO CONTACT ONLY.

Please CALL IN your order. 😊 We cannot take emailed orders or Facebook messaged orders. Availability is limited ONLY to the varieties and quantities in our retail store at any given time. We cannot pre-sell items that are not available for sale yet. There are too many variables with living plants.

Curbside pick-ups can only be placed 1-2 days prior to pick-up. We have half hour slots available between the hours of 9am and noon, and 5pm and 6pm for scheduling. Weekday pick-ups ONLY.

Pre-payment over the phone is required. **CALL 376-2123 to place order.**

Sorry, we cannot allow returns or exchanges. Please let us know if substitutions are OK.

Please know that we are also choosing the BEST of what is available for your order.

Please use Google or other search engines to research varieties.

The following is a loose representation of what is available for May:
